AZALEA INDICA

EARLY VARIETIES:

Dr. Bergman, brickred

" Salmonea, bright salmon, with white edge.

" Superba, salmon, with white edge.

Erie, double, salmon red, very good variety.

Madame Petrick: double, dark pink, limited sale only.

Mad. A. Van Damme, double, scarlet, limited sale only.

Memorial Sanders, double, dark red.

Pax, double, beautiful white.

Petrick Alba: double, early white, limited sale only.

Paul Schäme: salmon red, splendid colour and best ~~for~~ forcer, limited sale only.

Theodore Findeisen, brick red, limited sale only.

HALF EARLY VARIETIES:

Albert-Elisabeth, white with red, double.

Apolle, brickred and very good seller.

Eclaireur, salmon red, very nice colour.

Fritz Sanders, brilliant red, double. A very good forcer for January.

John Llewellyn, double pink, white edged.

Mad. Joh. Haerens, double dark pink, good flowering.

Verva neana: pink, white edged.

" Alba, white.

" Rosea, pink.

" Salmonea, salmon.

Viglacea, violet colour.

LATE VARIETIES:

Ernest Eeckaute, dark red, double.

Julius Rhoers, red.

Mad. Van der Cruyssen, beautiful double pink.

Niobé, double white.

Rubis, double orang red.

Azaleas should have a nights thorough soaking upon arrival and require constant watering during growing and flowering time.

It is greatly in the interest of the buyer to order larger size Azaleas as they are much more reliable for the flowering, practically all buds come out. 13-14 and 14-15 inches are the best and most economic sizes.

We also can offer you Azalea Indica in the baby size. These plants are not grafted and though smaller, produce a very nice plant when flowering and are most early sorts too.
